

TA & AC Solutions

A complete Time Attendance Solution

Onyx Time was designed to meet the stringent requirements of every organization and firm.

Supports one shift or multi shifts time schema. Working time schedules with flexible time definitions, workdays & holidays are also supported

With The Onyx Time, employee time keeping and access control has never been easier

Onyx Time is a complete Time Attendance & Access control solution for any modern organization.

Data can be collected through standard serial interfaces, modems or IP networks including the internet. The system can be administered from remote workstations through LAN or WAN.
